

2 October 2020

Dear Parents,

Hope Child learn English language be better, help them build a good basic step in English, we think that it is many parents' wish. Let child learn English be better, parents use different method to teach child, for example, need child rote English word cards, join English training class, buy expensive English canton/ story.

However, those methods are not effective, also will affect parents-child relationship. How to help child to learn English language be better?

Our school special invite expert who have many experience about promote young child English, hope parents understand how to let child when learn English language in relax environment, invite parents participate, the relevant details of this talk as the followings:
